## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-35, drawn to a communication hub, classified in class 370, subclass 328.
  - II. Claims 36, 37, drawn to an adaptive TDMA method, classified in class 370, subclass 347.
  - III. Claims 38-54, drawn to a point-to-multipoint adaptive TDD method by dynamically varying the power as function of parameters, classified in class 455, subclass 522.
  - IV. Claims 55-72, 82-90 drawn to a point-to-multipoint adaptive TDD system, classified in class 370, subclass 280.
  - V. Claims 73-75, drawn to a system of assigning frequency bandwidth, classified in class 370, subclass 468.
  - VI. Claims 76-80, drawn to a system of a modem selectively connected to transceiver/directional antenna combination, classified in class 455, subclass 277.1.
  - VII. Claim 81, drawn to a system of adding auxiliary node, classified in class 455, subclass 462.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I, II, III, IV, V, VI and VII are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of

operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions have different modes of operation and different functions.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
